

-SEEKING VOLUNTEER RESEARCH ASSISTANTS-

Interested in joining our team and gaining research experience?

The Hoeft Cognitive Neuroscience Laboratory (brainLENS.org) at University of California San Francisco (UCSF) combines cutting edge, interdisciplinary research methods in neuroimaging, cognitive sciences, computer science and education, interested the neuroscience of brain maturational processes, skill acquisition such as reading and dyslexia, and affective processes that impact skill acquisition. UCSF is a premier biomedical research institution, ranked within the top 5 in the world for Neuroscience and Behavior by US News.

We are currently recruiting for:

Volunteer Research Associate (4-8 hours/week):

- *Description:* We are in need of independent thinkers seeking various research experience. This is an excellent opportunity for those who are enthusiastic about gaining experience working in a cognitive neuroscience laboratory, developing skills in coding, statistics and/or neuropsychological assessments. Responsibilities may include, but are not limited to: coding and storing de-identified data, building online survey tools, assisting with study scheduling, scanning in/backing up files, and helping with general analyses. Depending on the candidate's interest, skillset and time availability, there are opportunities to analyze and write research papers for publication, train to administer neuropsychological assessments and collect and analyze neuroimaging data.
 - *Requirements:* Availability on weekdays or weekends, approximately or at least 4 hours/week. Ability to commute to UC San Francisco Parnassus campus.
-

If interested, please send your CV and a cover letter outlining your interests to brainLENS@ucsf.edu with "[Your Name] Volunteer RA" in the subject line. Candidates may be asked to come in for interviews and provide letters of recommendation as next steps. Please feel free to contact us if you have any questions.
