

UCSF Parnassus Visitor Information

Langley Porter Psychiatric Institute
401 Parnassus Ave.

ABOUT

UCSF established itself along Parnassus Avenue in 1898 on land donated by San Francisco Mayor Adolph Sutro. At the time, Parnassus Heights was in the remote western part of San Francisco, but its medical facilities suddenly became a central player in saving lives when the 1906 earthquake and fire struck. Today, the Parnassus campus has grown to become a city within the city, with an average daily population of 16,000 people, including faculty, staff, students, patients and visitors. The UCSF Parnassus campus is home to a network of comprehensive patient care services for adults through UCSF Medical Center, Langley Porter Psychiatric Hospital and Clinics, and the UCSF Dental Center.
